SUMMARY

As a recent graduate and self-learner, I have strong programming fundamentals and OOP concepts along with practical knowledge of Java, Spring, NodeJs, and React. Equipped with good communication skills and hands-on experience working with clients, I am eager to leverage my skills and passion for learning in a challenging role.

EDUCATION

Bachelor of Science | Computer And Information Sciences   *06/2023*

PMAS-Arid Agriculture University , Rawalpindi

SKILLS

- **Languages:** Java, JavaScript, TypeScript, Html, CSS
- **Frameworks:** Spring Framework, SpringBoot, Hibernate, JPA, ReactJS, NodeJS, Expressjs
- **Front-end-Tools:** HTML, CSS, Bootstrap, MaterialUI
- **Databases:** MySQL, SQL, MongoDB, Firebase

- **Cloud Technologies:** AWS, Docker
- **Version Control:** Git
- **Operating Systems:** Windows, Linux

CERTIFICATIONS

- The Complete React Redux Node Express MySQL Developer Course **(Udemy)**
- The Complete ReactJs Course - Basics to Advanced [2023] **(Udemy)**
- Divide and Conquer, Sorting and Searching, and Randomized Algorithms **(Coursera)**
- Introduction to Back-End Development by Meta **(Coursera)**

PROJECTS

PaintDaily.com
- Build Restful services with SpringBoot, Mysql and JPA. Implemented role based user access, Authentication and Authorization using JWT.
- Build multiple end-to-end web apps using Springboot and reactjs.
- Integrated the Stripe Payment API, facilitating secure and seamless payment transactions through the platform.

E-wallet
- Build Restful services with Nodejs, Mysql and Sequalize. Implemented role based user access, Authentication and Authorization using JWT.
- Build multiple end-to-end web apps using NodeJs and react.
- Integrated third-party APIs, like Stripe API, for seamless transactions and secure payment processing.
- Designed and developed complex and robust user interfaces using React.js, ensuring an enhanced user vxperience.
